Yes, C is for CEI. I was just about to send a note to you guys about that. Unless I overlooked it, I couldn't find an option in the drop-down menu for focused inspection (or anything better than C).

Thanks Ray. What does the "C" stand for under inspection type?

Note that CEIs are only for comprehensive inspections. If it was a focused inspection, it needs to reference another inspection type.

We need it ASAP(today or tomorrow). There is a midyear report due to HQ which includes reporting # of inspections.

Can you also send an email to James and I with the Facility name and ID# and date of inspection. Thank you.

FYI – they are due 5 days after the inspection is conducted.
